Posture, performance and productivity

The postures we adopt can influence our mood, concentration and efficiency at work.

AMS Furniture's Posture Perfect Seating™ is a range of ergonomically-designed task and visitor chairs constructed with comfort, durability and workplace performance in mind.

Posture Perfect Seating incorporates innovative materials that offer dynamic function and form. This allows for ergonomic adjustment suited to individual users and different office tasks and environments.

The seating range promotes good posture and back support and maximum performance. This enables employees to undertake desk-based activities without the need to extend and strain, reduces operator fatigue and discomfort, and maximises task efficiency.

Posture Perfect Seating is a wise investment for workplaces that prioritise office productivity and comfort.
